

The LeCureux's Letter

Trans World Radio * P.O. Box 8700 * Cary, NC 27512 * www.twr.org

October 2004

Prayer and Praise:

- **Praise**— Debby is on the last trimester and so far everything is going well. **Pray** that these last couple of months will go well and the baby will continue to develop normally.
- **Praise**— Debby was able to spend three weeks in Michigan to be with her family. God's timing was perfect as Debby was able to spend quality time with her father. Two weeks after she returned, on July 28, her father passed away. **Pray** for Debby's mother, Eleanor.
- **Praise**— We have several people who will be helping on a short-term basis in the work here. This will help tremendously since we are very short of staff. **Pray** for more "laborers".
- **Prayer**— **Pray** for the land appraisal to go through which will allow us to put in another curtain antenna. This will be used to reach Indonesia with a very strong signal.

Dear Friends,

"Then saith he unto his disciples, The harvest truly is plenteous, but the labourers are few; Pray ye therefore the Lord of the harvest, that he will send forth labourers into his harvest." Matthew 9:37-38

These verses are the prayer of the staff here on Guam. As the ministry here in our region continues to expand, we continue to be in great need of "labourers" here on Guam. We currently have only seven full-time staff. To effectively maintain and operate the ministry here, we should have twelve full-time staff. We do praise the Lord for a few short-termers who will be helping in the months ahead.

Since our last prayer letter, the LeCureux family has had a lot going on. I will give a brief rundown of all the activities that have happened:

June and July were stressful months. Debby's dad, Norman Kilmer, had his cancer return. Four years ago, he was diagnosed with a brain tumor. Through an operation that removed half of his brain, he was able to maintain a fairly normal life for another three years. Last year, when the brain tumor came back, they were able to remove the tumor and he went through radiation treatments. He was cancer free for another year but began to lose feeling in parts of his body this year. The doctors found that he had several tumors that developed in his spine.

Through much prayer, we felt it was necessary for Debby to go back to Michigan and spend time with her Dad. The Lord worked every detail out. Within one day (which is a miracle here on Guam) we had a plane ticket for Debby to return on business class seats. The airline gave it to us for the same amount of frequent flying miles as economy class. Debby was able to spend quality time with her parents from June 14th to July 9th. Kevin and Laura were a great help here at home taking care of Greg while Jeff was at work. Two days after Debby returned, Jeff went to Singapore for a week for Trans World Radio's North East Asia broadcasters conference. On July 28th, Debby's dad passed away. We were so thankful that Debby was able to spend that time with her Dad. We also appreciated each card, e-mail and phone call that we received during this difficult time.

August 23-September 2, Jeff went to Helsinki, Finland for the High Frequency Coordination Conference. George Ross and Jeff coordinate with all the shortwave broadcasters in the world to assure that there will be no interference (at least minimum interference) on all our frequencies.

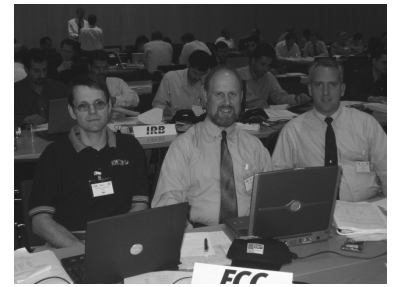

More on back.....

**Norman and Eleanor Kilmer
Taken on their 45th wedding anniversary
June 20, 2004**

Jeff was also able to spend a couple days on the way there and a couple of days on the return trip with family in Michigan. You can see many pictures of his time in Helsinki at our personal website at www.twrguam.com.

A few days after Jeff returned from this trip, Kevin and Laura left for Singapore for two weeks. There they were able to visit with our friends, the Weston family, who are also Trans World Radio missionaries. They really enjoyed their time with the Weston family and also getting to know the other Trans World Radio staff in Singapore.

Kevin playing Risk

All of them at a park in Singapore

We have big changes coming up the end of October when the new baby will be added to our family. Greg is already calling himself a “big brother” and helping mom get things ready for the baby. The ultra-sound showed that it will be another boy! Laura wanted a sister, but we will take whatever God gives us. Please pray that the delivery (C-section) will go well and that Debby will recover well afterwards.

I will close with this listener letter from Cambodia:

“I have been listening to the “Women of Hope” program through TWR. Your program gives me knowledge every time and is growing my faith more each day. I want to say thank you to TWR who gave me a radio set. I pray that God will bless TWR more each time! “

Thank you again for your part in this ministry.

Jeff and Debby LeCureux
