## Trans World Radio - Guam

Trans World Radio P.O. Box 8700 Cary, NC 27512 [www.twr.org](http://www.twr.org)

January 2006

### *Prayer and Praise:*

- **Praise**— We had a good furlough spending time with family and friends and visiting our supporting churches.
- **Praise**— Laura made the return trip to Guam by herself with no problems.
- **Praise**— Kevin finished his first term of school and is starting his co-op job in Guam.
- **Praise**— Jeff had gall bladder surgery and all went well.
- **Praise**— The transmitter site in Guam has been running without major problems or typhoons.
- **Prayer**— More workers are needed. In Guam we need maintenance tradesman and in Singapore a regional network administrator.

Dear Friends,

**I Timothy 1:12 “And I thank Christ Jesus our Lord, who hath enabled me, for that he counted me faithful, putting me into the ministry;”**

This month we are celebrating 14 years that we have been with Trans World Radio. Many of you have been involved in our ministry even before we left for the field and we are so thankful for you. In January of 1992 we left for the Caribbean island of Bonaire with two preschoolers, then moved to Sri Lanka in 1993 and then Guam in 1999. Each field has been a great opportunity to serve the Lord and grow both spiritually and in job experience. Our family has also grown with the births of Greg and Eric. Looking back, a lot of things have changed, but our goal of serving the Lord with Trans World Radio has remained the same. We are looking forward to our next term on Guam and seeing what the Lord has for us in the coming years.

The last few months on furlough were a good time of visiting family, friends and churches. We enjoyed each visit and were sorry we couldn't see everyone who we wanted to see. Jeff was able to be a temporary farmer when he helped the Terpenings with the sugar beet harvest. He says he now has a new appreciation for farmers. Kevin finished his first term at Kettering University and is starting his job in Guam. In December, Laura had to leave for Guam 10 days before the rest of us because her ticket had expired. We missed Laura very much. Eric had many milestones while on furlough, learning to walk, turning one year old and having other “firsts”. Greg liked playing in the fall leaves then the snow. He starts kindergarten in January.

In December, Jeff had his gall bladder removed. It was done as a laparoscopic surgery as an outpatient and all went well. He wanted to get this done before our busy schedule when we get back to Guam. Jeff returns to his duties at the transmitter site, plus more duties due to the small size of our staff. Please pray for more workers, maybe you, to come help us. In February Jeff and George will be going to the island of Hainan, China for the HFCC meetings.

We want to thank everyone who made our furlough a special time, especially the First Baptist Church of North Branch for the use of their mission house and Pam Mullen for the use of her van. Many others were a real blessing too.

In Christ,

*Jeff and Debby LeCureux*
